

About Our Company

Ordering Information

Catering Services

Our dream began in 1989 as a modest restaurant called Casa del Taco. Throughout the years we have transformed that humble eatery into the successful catering company Casa de Mexico.

For more than 20 years, our team has grown, not just in numbers, but also in skill,

knowledge and professionalism.

We are very grateful for the confidence and good faith our loyal clientele have shown over the years. We owe everything to them.

Since those days, every moment and every year has brought new experiences that have enriched our history.

*Let us surprise you with our authentic recipes ...*

*... When you need someone you can trust to handle your next corporate or social event, please call Casa de Mexico.*

Sincerely,

*Cesar Carrillo*
